

share in giving...

Community Enabler Developer is a local non-profit agency working hard to make a difference in our community. Their mission is "meeting the unmet needs... helping folks with a hand up, not a hand out." During the past nine months, Community Enabler has served over 3,600 people in our community with food, clothing, household items and school supplies. Maudine Holloway and her staff work tirelessly year round to help those less fortunate members of our community. This time of year, the needs become even more pressing.

They need your help. Food, clothing, supplies and monetary contributions help enormously and will be greatly appreciated. **Please come by the office at 1411 Gurnee Avenue in Anniston or call 237-6144.**

COMMUNITY ENABLER DEVELOPER, INC.

our warmest wishes to you and yours
from the
Foothills Community Partnership
working together to make our
community a better place.
